

COMMUNITY NOTICE

LONG BEACH FREEWAY (I-710)
PAVEMENT REHABILITATION PROJECT

Special Notice to Residents, Commuters, Businesses and Emergency Agencies in the vicinity of I-710 in Long Beach

The California Department of Transportation (Caltrans) announces closures of I-710 from Pacific Coast Highway (Route 1) to the San Diego Freeway (Route 405) for ten extended weekends beginning Friday, March, 28, weather permitting, through June 2003.

Extended weekend closures are scheduled to begin Fridays at 10 p.m. through Mondays at 6 a.m. All northbound and southbound lanes of I-710 from Route 1 to the Route 405 will be closed Fridays from 10 p.m. to Saturday, 7 a.m. and Sundays from 10 p.m. to Monday, 5 a.m. During the remainder of the weekend, two lanes will be open in both directions with the Willow Street and Pacific Coast Highway on- and off-ramps closed at various times.

This closure is necessary to repave all lanes of both northbound and southbound I-710 from Route 1 to Route 405. Caltrans suggests motorists select from various alternate routes to avoid traffic congestion and delays while the I-710 is under construction. Please see the back of this notice for a listing of alternate routes.

**All closures are subject to change due to
weather or emergency conditions.**
